DETAILED ACTION

Allowable Subject Matter

Claims 1, 2 and 5-20 (renumbered as claims 1-18, respectively) are allowed.

The following is an examiner's statement of reasons for allowance:

Regarding claims 1, 10 and 16 (renumbered as claims 1, 8 and 14, respectively), the prior art record fails to specifically disclose a communication system on board a mobile platform that includes at least one seat transceiver mounted in each of a plurality of passenger seats, wherein the seats transceivers are interconnected with each other, furthermore, each transceiver substantially simultaneously has a direct path infrared signal transmission link with at least two adjacent transmission and providing a redundant optical signal path to each one of the adjacent seat transceivers due to the interconnection of the seat transceivers and the simultaneous direct path infrared signal transmission link with adjacent seat.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
